

Work in Progress

GOVERNMENT CENTER

STATION CLOSURE MARCH 22, 2014

GOVERNMENT CENTER STATION REHABILITATION PROJECT

Effective March 22nd, Government Center Station will be **closed** for two years while crews work to completely rebuild the station into a fully accessible, safer, and more customer-friendly transit facility. The Government Center Station Project will combine improvements to the Green Line Station, Blue Line Station, and Cambridge Street/Government Center Plaza, that will bring Government Center Station into compliance with the Americans with Disabilities Act (ADA) and the Boston Center for Independent Living (BCIL) Agreement.

During the station closure beginning on **March 22, 2014**, both Blue and Green Line trains will pass through Government Center Station but will not stop there. If your trip usually included Government Center Station, please allow an additional ten to fifteen minutes for your travel. The recommended path of travel for Green Line customers desiring access to the Blue Line is to travel to Haymarket Station and transfer to the Orange Line toward Forest Hills (southbound). Customers should transfer at State Street Station for Blue Line connections. The recommended path of travel for Blue Line customers desiring access to the Green Line is to travel to **State Station** and transfer to the Orange Line toward Oak Grove (northbound). Customers should then transfer at **Haymarket Station** for Green Line connections. As an additional option, Bowdoin Station will remain open during all hours of service. Weekday Silver Line SL1 service will also be increased as an alternative for travel to and from Logan Airport.

More Information: www.mbta.com/govcenter is your best source for all Government Center Station-related material. Printable detour and walking maps are available on the project website, www.mbta.com/govcenter, along with detailed information on how this project affects your commute, accessibility, what the improvements will consist of, and many frequently asked questions. If you would like to keep informed, please visit the project webpage and sign up for email updates. Also, you can email GovCenterProject@mbta.com directly with any comments or questions regarding the major rehabilitation of Government Center Station.
